Welcome

The Lismore Artventure Trail is a transformative program that repurposes vacant shop fronts to showcase art and bring beauty, colour and history to the city.

Since 1948, Lismore Regional Gallery has curated an esteemed permanent collection featuring artworks by nationally and locally significant artists. The collection represents Australian art history and reflects the unique stories, experiences, and histories of Lismore and the Northern Rivers region.

In 2022, Australia's east coast endured three severe weather systems that led to record rains. The weather events inundated Lismore with flooding, the highest levels in history reaching up to 14.4 metres, destroying the city and many works from the permanent art collection.

The Lismore ArtVenture Trail showcases the saved artworks in the permanent collection that have been carefully restored to bring a renewed richness back to the city. The trail enables visitors to discover the beautiful artworks printed on the windows of empty shopfronts and learn about the unique stories behind each artwork.
